* Can you trust it?

No

* Reasons:

No superex value included and countries mentioned.

Chart 03 :

* What it shows ?

→ Compares ice cream sales with drowning accidents to show both go up at same time

* Can you trust it ? No

* Why? -

Reason:

* May be a criminal case investigation

* It's completely not logical in the other way

Chart 04 :

* What it shows ?

→ Tries to plot people's height to weight

* Can you trust it? no

* Reason:

Who is in 0. w height and 50 kg weight in this world ?
